

The Potato Association of America
"Guidelines for Hosting an Annual Meeting"

LAC should advise the President-Elect as Chair of the Local Arrangement Committee Advisory Committee, the President, the Vice-President, the Secretary, and the Administrator of The Potato Association of America if there are plans to significantly vary from the accepted Guidelines for Local Arrangement Committee.

Communities hosting an Annual Meeting of The Potato Association of America, hereafter referred to as The Association or PAA, have the opportunity to meet and influence a diverse crowd of scientists, growers and representatives of various industries. The following guidelines are designed to help the host community plan and conduct a successful Annual Meeting. While these guidelines attempt to address the essentials for a successful meeting, and give a general overview of the format, they cannot provide all of the ingredients nor intend to suppress innovations. Ways to reveal unique community flavors, and highlight local attractions and points of interest are left to the host community.

In the event that further assistance is required, the Local Arrangements Committee, hereafter referred to as LAC, can contact the PAA Secretary, President-Elect and President, and help will be provided.

Important note: Submission for requesting to host a PAA meeting should be first presented as a written request three or four years in advance to the Site Selection Committee. The Site Selection Committee then recommends to the Executive Committee the host site. The Executive Committee may approve the request then or wait one year. The Executive Committee must approve the request at least two PAA Annual Meetings prior to the proposed dates.

	() 5.	On occasion a second symposia has been scheduled at the LAC discretion.

Contributors should be sent a letter, e-mail and/or phone call soliciting funds, followed by an acknowledgment of receipt.

	() 5.	Net income from a PAA Annual Meeting is to be disbursed as follows: first, return to the PAA's General Fund the cash advance of US\$3,000, if requested and received (see D. 	() 6.	Travel, housing and other official expenses of the PAA Administrator to attend the Annual Meeting are paid by the PAA. The common practice is for the LAC to furnish this room as part of the LAC's agreement with the hosting hotel based on occupancy. Usually hotels/motels furnish a free room for every previously determined number of occupied rooms.
		Traditional:
	() 1.	A cutoff date should be established for receiving funds or commitment of funds to aid in planning.
	() 2.	For Annual Meetings in the U.S.A., the U.S. Potato Board has agreed to donate US\$1,000 as a sponsor. They need to be contacted in the winter prior to the Annual Meeting for arrangements. These funds are to finance the Graduate Student Awards and must be sent to the Treasurer to cover the costs.
	() 3.	Recognition of sponsors is made during the Annual Meeting: names and logos printed in the printed program, on the website, by the registration desk (sign), at meals especially at the Banquet, and in anyway appropriate that will assist in obtaining sponsors.

VII. Symposium and Responsibilities (app. 08/18/2011)

	A.	Contact Person & Set-Up of Symposium
		Required:
	() 1.	The PAA Secretary is the contact person for the Symposium Guidelines.
	() 2.	A high quality symposium is an important component of The PAA Annual Meeting. A symposium is organized and delivered by a PAA Section following approval by The PAA Executive Committee. Planning and approval should begin at least two years prior to actual presentation. Under special circumstances, symposium approval may occur as little as one year prior to presentation.
	() 3.	The symposium will be held on the morning of the first full day of the annual meeting (traditionally Monday) and will end by the lunch break. There should be four or five speakers, each speaking for up to 45 minutes. The oral presentations should take no more than a total of three hours with a 30-minute break at mid-morning.
	() 4.	The LAC is responsible for the room and audio/visual equipment arrangements
	() 5.	The sponsoring Section will form a symposium committee. The committee will identify speakers (PAA members and/or non-members) and communicate to speakers expectations of abstracts, manuscripts and coverage of expenses. The committee Chair will be the contact person for the <i>American Journal of</i>

		<i>Potato Research</i> (AJPR) editors to work with regarding preparation, review and publication of the symposium manuscripts.
	() 6.	Upon request, The PAA Executive Committee may approve up to US\$3,000 to the symposium committee to defray symposium costs. These funds do not need to be repaid to The PAA. The PAA funds are to be used only to cover conference costs of invited non-member symposium speakers (meeting registration, travel and accommodations). NOTE: The symposium committee <u>does not receive the \$3,000 in cash before or after the symposium</u> . Receipts showing invited speaker(s) expenditures must be submitted to The PAA Treasurer and the speaker(s) will be reimbursed directly.
	() 7.	Symposium speakers who are PAA members are expected to cover their own travel and meeting expenses.
	() 8.	Funds beyond those provided by PAA for conference costs of invited non-member speakers and conference expenses covered by PAA member speakers must be obtained via fund-raising or other sources. This fund-raising is distinct from that of the LAC and the LAC is not responsible or involved. Funds raised by the symposium committee must be clearly identified and deposited in The PAA General Fund to be managed by The PAA Treasurer.
	() 9.	No publication fee will be charged to the speakers or symposium committee for symposium papers published in the AJPR. Reprint costs and the cost of printing color photos are the responsibility of member and non-member symposium speakers.
	() 10.	All symposium speakers are expected to submit a manuscript of their presentation for publication in the AJPR within six (6) months of presentation. The symposium papers are published together in one issue, and depending upon manuscript submission volume to the AJPR, within one to two years of the Symposium. The symposium committee Chair will acquire the manuscripts from the speakers and submit them as a single package to the AJPR Editor-in-Chief for review. If all but one (1) manuscript have been submitted to the symposium committee Chair within the above timeline, review and publication of the symposium package will not be delayed and the delinquent manuscript will not be published. The suggested length of each presentation paper is eight to 10 pages. A maximum of 40 printed AJPR pages will be allowed per symposium.
	() 11.	The symposium package will include: a Symposium Introduction (maximum of one page – 8½" x 11" paper) and all symposium papers to be published. The following may be used as a guide when preparing manuscripts: a 4-5 page typed, single-spaced paper with graphs and charts would be approximately 2-3 journal pages, and 4-5 page paper, single-spaced with no graphs or charts, would be approximately 3-4 journal pages.
		Optional:
	() 1.	Normally, an Annual Meeting contains a single symposium. Under unusual conditions, (e.g. such as to address a hot topic or take advantage of unique circumstances) a second symposium may be approved for an Annual Meeting.
	() 2.	When approval for a full Symposium cannot be obtained, Sections may consider hosting workshops or mini-workshops on a topic of interest.

	() 3.	The symposium committee may elect to cover travel, meeting and publication costs for PAA members who are retired from their professional positions. These costs need to be covered through fund-raising or other means.
B. Symposium Committee		
		This committee, appointed by the President, shall be chaired by the Secretary of The Association. This committee shall consist of one representative from each PAA Section, one representative from the current Local Arrangements Committee, Chair of the Finance Committee, Treasurer, and the past, present and future Section Symposium Committee Representatives. The committee shall coordinate the symposium schedule and work with Sections in developing symposium proposals. This committee shall also work with symposium-sponsoring Sections to comply with the current symposium guidelines and symposium planning timeline. [accepted 08/16/2012]
C. Symposium Planning Timeline		
	() 1.	<u>At The PAA Annual Meeting three (3) years prior to symposium presentation:</u> The Section wishing to sponsor a symposium presents to The PAA Executive Committee, prior to the Annual Business Meeting, a working title for the symposium, a list of presentation topics and keywords describing each, potential speakers, and symposium committee contact person. There may be more than one Section wishing to sponsor a symposium in any one year. The PAA Executive Committee makes a decision about the proposed symposium prior to the Annual Business Meeting.
	() 2.	<u>At The PAA Annual Meeting two (2) years prior to symposium presentation:</u> The sponsoring Section provides The PAA Executive Committee with an update of the status of the symposium preparations.
	() 3.	<u>At The PAA Annual Meeting one (1) year prior to symposium presentation:</u> The sponsoring Section presents to The PAA Executive Committee the finalized symposium title, presentation topics and confirmed speakers. If needed, the sponsoring Section requests, in writing, the use of up to \$3,000 to defray costs.
	() 4.	<u>Abstract submission time:</u> The symposium committee provides The PAA Secretary with a list of symposium speakers, in particular, those who are not PAA members. The PAA Secretary works with the symposium committee contact person on the order of the symposium presentations and time allotted to each
	() 5.	<u>Prior to early registration cut-off date:</u> The symposium committee contacts the Chair of the LAC for that Annual Meeting, The Treasurer, and the Chair of the Finance Committee, indicating which symposium speaker's registration fees (registration fees only, not additional activities, for non-PAA members) will be covered by the requested PAA funds or money raised. This is especially important for international speakers.
	() 6.	<u>Within six (6) months after the symposium:</u> Gather symposium manuscripts and submit to AJPR for publication.
