April 4, 2013

To Whom it May Concern,

This letter is to verify that [Sher Ali] is a member in good standing with The Potato Association of America.

"The PAA has as a paramount objective the collection and dissemination of the best available technical and practical information relating to all aspects of potato production, biology, and utilization. The PAA serves as the official professional society for those involved in potato research, extension, production, and utilization. The Association provides opportunities to contribute in one or more of seven sections: Breeding & Genetics, Certification, Extension, Plant Protection, Physiology, Production & Management, and Utilization & Marketing."

By allowing [Sher Ali] to attend the Annual Meeting of The Potato Association of America will allow him to gain a significant amount of knowledge that is brought to the meeting by hundreds of like-minded individuals in the potato community. With this in mind, this would then allow him to bring this information back to his office to share with other workers that are not able to attend the meeting.

If you have any more questions or concerns about reaching a decision for [Sher Ali] to attend the meeting, please contact The PAA Administrator at the above phone number or e-mail address.

Sincere regards,

Local Arrangement Committee
