

Job Posting to Agronomist – Plover, WI

McCain Foods Limited is a global frozen food processor recognized for innovation, quality and efficiency. The McCain Group of companies has more than 17,000 employees worldwide and more than 42 food plants on six continents. McCain Foods USA has an immediate opening for a highly motivated individual to fill the Potato Agronomist position at its Plover, WI operation. This is a full time position reporting directly to the Manager, Agronomy Mid-West.

Qualifications

- A minimum of a Bachelor of Science degree coupled with related experience in Plant Science, Soil Science or Agricultural. Master of Science degree preferred.
- Excellent knowledge of potato production and storage is essential.
- Strong analytical, interpersonal and computer skills.
- Knowledge of and willingness to develop new agronomic techniques.
- Ability to multi-task and prioritize effectively.
- This position is most suited to an individual who demonstrates leadership skills and has the desire and ability to contribute and grow within the McCain Foods North America organization.
- Public speaking skills are a valuable asset.

Responsibilities

- The agronomist will be responsible for providing agronomic support to assigned growers in all aspects of planning, execution and monitoring of the potato crop.
- This position is required to understand all aspects of seed quality, crop growth and storage with the objective of continuously improving the yield and quality of the crop.
- The agronomist will conduct on-farm research trials and will be responsible for data analysis and interpretation of data.
- Lead yearly cost of production summary and analysis for the Plover location.
- Participate in various research organizations to enhance company goals of improving production, yield and quality.
- Preparation of written reports and oral presentations to growers and the management group.
- This position also requires a high degree of confidentiality.
- Training opportunities will be available to successful candidates.
