

Crop Research Associate

Cavendish Farms is a leading producer of frozen food products for retail and foodservice markets throughout Canada, the United States and around the world. We have two state-of-the-art potato processing plants in PEI, another in Jamestown, ND and Lethbridge, Alberta and an appetizer plant in Wheatley, ON. Our Head office is in Dieppe, NB and sales office locations are in Toronto, Montreal and Boston.

Reporting to the Manager Technical Services – R&D, the **Research Associate** will be analytical, detail-oriented and results-driven; a self-starter who can work well independently as well as in a team.

The successful candidate is continuously looking for opportunities for improvement, and has the ability to quickly adapt to a fast paced, dynamic work environment.

The successful candidate will possess the following qualifications:

- Post-secondary education in Agricultural Sciences/Crop Production;
- Masters in Science is an asset and preferred;
- Ability to work independently managing his or her time and work flow;
- High level of integrity and accountability;
- Professional demeanor and appearance;
- Excellent attention to detail;
- Strong interpersonal and relationship building skills;
- Must hold a valid driver's license;
- Must be willing and able to obtain a PEI Pesticide Applicator's Certificate;
- Ability to work independently and as part of a team;
- Ability to analyze and communicate information effectively and accurately;
- Working knowledge of Microsoft Office programs, particularly Excel;
- Comfortable working in an outdoor environment and performing physical labor (e.g. lifting up to 40 lbs.);
- Experience working in a farming environment would be considered an asset.

Key Responsibilities:

- Coordination of field work including planting, maintaining, scouting and harvesting small and demo plots;
- Data collection, entry and statistical analysis;
- Reporting.
